HEP CPD

WHY HEP CPD?

Our CPD programme underpins the work you are doing with your school improvement partners.

Here at HEP our well established programme is managed by experienced practitioners and is aligned with both national and London priorities.

The innovative programme is a combination of classic and new training. It complements your school CPD programme through either live or recorded CPD.

When you buy in for the year, you also gain access to the Resource Library of recorded training.

It is always accessible to you and your school community with much being hosted online.

CONSTANTLY EVOLVING PROGRAMME

This leaflet offers an initial outline for the year ahead.

Our programme is constantly developing, and our website always offers the most up-to-date calendar of events.

There will be a number of TBC dates within this booklet as trainers have committed themselves to delivering the training but are not yet able to confirm a date.

Please see the website for confirmed timings.

Prices for courses are available via the HEP website. Most courses are included in the CPD package with the exception of a handful. Please check the website to see relevant discounts.

THE DETAILS

The HEP CPD package is £8 per pupil.

When bought in conjunction with Early Years CPD or SEND CPD you get a 50p reduction.

Use the **October 2020 Census** when inputting student numbers, all pupils + nursery full time equivalent.

The package starts 1 September 2021 and runs until July 2022.
